

The safest place for our residents to be is at our community

As with every flu and virus that routinely circulate and cause illness in people, we are diligent in adhering to the same precautions and protocols that have prevented and controlled the spread in our community. We place utmost importance to keeping residents informed and safe. Following recommendations from the state's Department of Public Health (DPH), Centers for Disease Control and Prevention (CDC) and other governing health authorities, we have taken many precautionary measures to ensure we maintain a safe and positive environment for everyone.

The safest place for our residents to be is at our community, where they receive care every day and can effectively quarantine in place. During these unprecedented times of COVID-19 you can count on us to do our part. Our mission, our training, and our expertise have prepared us for such a time as this...
